Report on Review of Interim Condensed Consolidated Financial Statements

To The Board of Directors

Al Khalij Commercial Bank Q.S.C

Doha – Qatar

We have reviewed the accompanying Interim Condensed Consolidated Financial Statements of Al Khalij Commercial Bank Q.S.C, comprising the Interim Condensed Consolidated Statement of Financial Position as at June 30, 2011, and the related Interim Condensed Consolidated Statements of Income, Comprehensive Income, Changes in Shareholders' Equity and Cash Flows for the six month period then ended, and certain explanatory notes. Management is responsible for the preparation and presentation of these Interim Condensed Consolidated Financial Statements in accordance with International Accounting Standard - 34 "Interim Financial Reporting" and Qatar Central Bank regulations. Our responsibility is to express a conclusion on these Interim Condensed Consolidated Financial Statements based on our review.

Except as discussed in the following paragraph below, we conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of the interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

The financial position as at June 30, 2011 and results of operations for the six month period then ended of the subsidiary have been incorporated on basis of returns certified by management of the subsidiary and have not been independently reviewed. The net profit for the six month period ended June 30, 2011 and the total assets and total liabilities of the subsidiary as at June 30, 2011 amounted to QAR 27,174,326 QAR 3,388,148,232 and QAR 2,718,960,667 respectively.

Except for the above, based on our review, nothing has come to our attention that causes us to believe that the accompanying Interim Condensed Consolidated Financial Statements are not prepared, in all material respects, in accordance with International Accounting Standard - 34 "Interim Financial Reporting" and Qatar Central Bank regulations.

Notes to the Interim Condensed Consolidated Financial Statements

For the six months ended 30 June 2011

1. Incorporation and Principal Activities

Al Khalij Commercial Bank (al khaliji) Q.S.C was incorporated on 9 January 2007 as a Qatari Shareholding Company under Commercial Registration No. 34548, with its registered head office in Doha. The shares of al khaliji are listed on the Qatar Exchange.

During June 2011 al khaliji Q.S.C and IBQ have jointly decided to end negotiations for the proposed merger after final terms could not be agreed.

2. Accounting policies

2.1 Basis of preparation

The Interim Condensed Consolidated Financial Statements for the six months ended 30 June 2011 have been prepared in accordance with IAS 34 – Interim financial reporting and are presented in Qatari Riyals (QAR) thousands except where otherwise stated.

Islamic financing activities are conducted in accordance with the Islamic Sharia, as determined by the Sharia Control Board. Islamic banking accounts are prepared in accordance with the Financial Accounting Standards issued by the Accounting and Auditing Organisation for Islamic Financial Institutions (AAOIFI) and Qatar Central Bank (QCB) regulations. For the purpose of Islamic banking activities, capital is provided separately. The statements of income and financial position for Islamic activities are ultimately combined with the records to produce the overall Group's results.

The Interim Condensed Consolidated Financial Statements does not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Group's Consolidated Financial Statements for the year ended 31 December 2010. The results of the six months ended 30 June 2011 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2011.

Certain comparative figures were reclassified, where necessary to conform to the current period's presentation.

2.2 Accounting policies

The accounting policies used in preparation of the Interim Condensed Consolidated Financial Statements are consistent with those used in the preparation of the Group's financial statements for the year ended 31 December 2010, except for certain new and revised standards and interpretations, that became effective in the current period, these changes have had no material effect on the reported results or financial position of the group.

2.3 Estimates

The preparation of Interim Condensed Consolidated Financial Statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates. In preparing these Interim Condensed Consolidated Financial Statements, the significant judgments made by management in applying the Group's accounting policies were the same as those applied to the Consolidated Financial Statements as at and for the year ended 31 December 2010.
